

in Year 5

Our Superstar Learners

Progress Award –

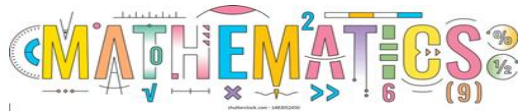

Brody, Jabir, Phoibe, Sofia, .

Achievement

Award – Nadav, Olivia, Leah, Mia

Reader of the

month - Thomas, Max Phillips

In **Maths** we've moved on from place value to addition and subtraction. We've focused on strategies that help us check our answers are correct such as rounding and challenged ourselves with inverse operations.

Bikeability

We're very proud of our new skills - we learnt to cycle confidently and competently on today's roads! Here we are practicing in the playground...

Check out our Year 5 classes learning about burning as a change.

In **Science**, we have been experimenting with reversible and irreversible change.

We have been looking at maps this half term in **Geography**.

We have thought about contour lines, scale, land use and 6-point grid references. Here's Iris using string to measure the distance between two different places in Trumpington.

We've had lots of fun in **English** creating suspense stories - we've been thinking about how to describe what it would be like if we were the only ones in the school at night time... check out Fred's word bank!

Tuesday 10th October 2023

WALT: select verbs to add action & emotion.

Verbs	Nouns	Adjectives
