

OCTOBER

in Year 3

In science this half term we have been learning more about forces, and how friction effects movement. We have also learnt about magnets, and why different ends of a magnet attract or repel.

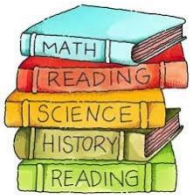

This Month's Super Learners:

Achievement: Martin, Tahsin, Kara, Bella, Matea, Lennox, Chloe

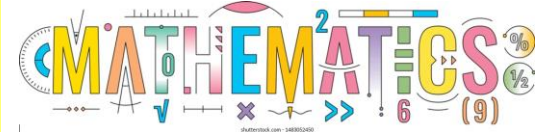

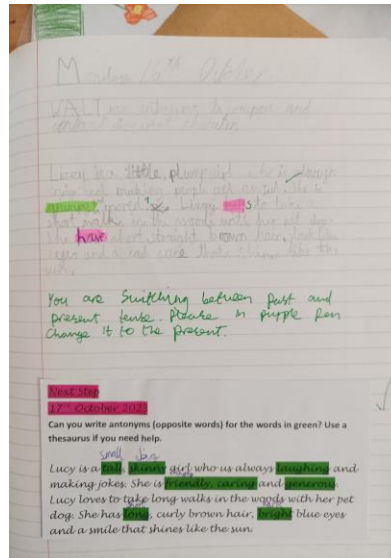

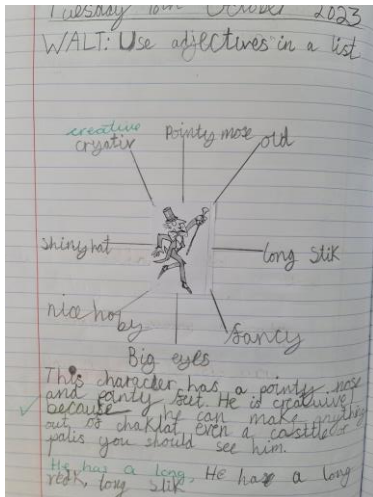

Progress: Alex, Dijah, Christabel, Zoe S, Georgina, Cyrus

Bronze: Dijah, Elizan, Stephanie

Reader of the month: Hannah, Kara, Zoe M, Zoe S

We have been working hard in English to improve our character descriptions. We have enjoyed including alliteration, similes and the 'power of three' in our writing.

This month we have been finding out about addition and subtraction and the different ways that we can carry out calculations.
