

in Year 4

Our Superstar Learners

Progress Award – Ben, Triumph, Bella, Paris, Myng, Ege

Achievement Award – Alfie, Lewis, Grace, River, Emma, Hammad

Times Table Certificates:

Bronze – Alfie, Myles, Bella, Muhammad, Ada, Olivia, Myng, Amelie, Vihaan,

Silver Emma

Platinum Lucy

Reader of the month: Ben and Miles

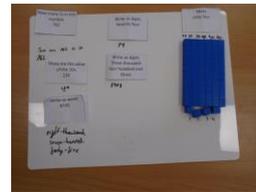

This half term, Trinity Class have been enjoying going to Forest School. After half term it will be Wolfson's turn.

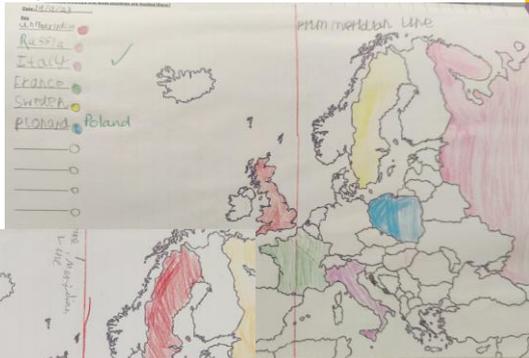

We have enjoyed swinging on the rope swing, making dens, flags, special wands, playing in the mud kitchen and hunting for bugs!

We are recapping and learning about place value in numbers up to 10,000. It has been fun using different types of equipment - dienes, base ten, counters and place value grids. We have been able to find one, ten, a hundred more / less than any number.

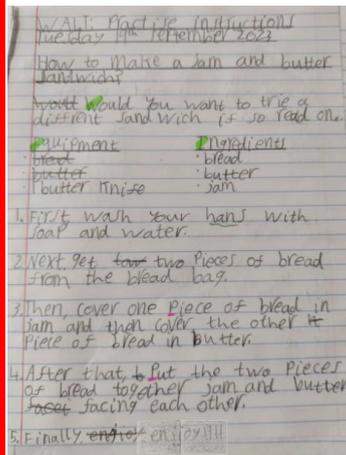

We have been exploring which countries are included in Europe, and found some that we thought might be included but weren't! We labeled European countries and added the Prime Meridian Line.

We are using a software program called 'Digimaps' and have been looking at the different types of human and physical features we could find.

In English, we have been writing instruction texts. We made our own 'Perfect Pizza' based on the Margarita Pizza using only red, white and green ingredients!

The day after we made our pizzas we wrote the recipes for our delicious pizzas. Have a read!
