HERMANY in Year 3

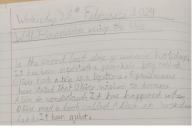

In science, we have been continuing our learning about plants. We have looked at the different things that plants need to grow, ABC and have begun an experiment to see if plants can grow without sunlight.

In English, we completed a unit on writing diary entries! We focused on this unit on how to write in the past tense. This half term, we have started to look at newspaper reports, and how to write in the third person.

In Art we studied the artist Rosie Hurley and based on our work on the text, Esio Trot by Roald Dahl. We created sculptures based on characters from the text using clay. We learnt how to make slip and score the clay to bind elements together.

This Month's Super Learners

Jasmin,

Bella,

Unashe

Tahsin

All of Year 3 for your exemplary behaviour on the trip.

In Maths, we completed our work on statistics, where we looked at how to create bar charts, pictograms and interpret data. This half term, we have begun a new unit on measurement. We have started to look at how to measure objects in millimeters and centimeters.
