

FEBRUARY

IN YEAR 2

Year 2 pupils have been learning how to write newspaper reports. We explored the features of this type of text by reading examples, identifying key elements, and discussing their purpose. The children loved pretending to be reporters, gathering facts and eyewitness statements!

THIS MONTH'S SUPER LEARNERS:

Fitzwilliam- Rosabelle, Noah, Clara, Elias, Kendrick and Xander

Kings- Arlo, Ayesgul, Luhas, Taleah, Readers of the month:

Ishan and Lula

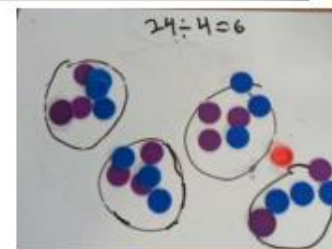

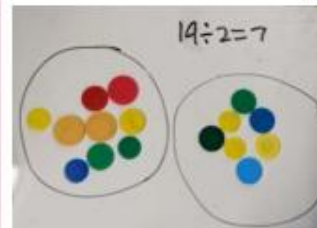

House points: Silver: Aleah, Mikayla, Lula, Noah, Malachi, Elias

Timestables:

Silver: Aleah, Platinum: Alex.

In Science, we have been exploring the properties of materials.

In Maths, we have been solving problems using the 2x, 5x, 10x, and 6x tables. We found out that division is the opposite of multiplication; it has been fantastic fun!

The children loved testing materials to build the strongest bridge! Thank you for all the homework that has been sent in. They enjoyed hands-on experiments to see which materials were the best for building bridges or houses. But the trickiest part of the experiment was making sure we had our 20cm gap for the river below!
