

NOVEMBER

in Year 4

Our Superstar Learners

Progress Award

Hoda, Zara,
Merim, Josh,
Tariq, John, Riley

Achievement

Award – Ibrahim,
Sev, Maddy,
Freddie J., Lylah,
Hana, Omar,
Maisie

Reader of the

month: Joshua,
Ariadne

MATHEMATICS

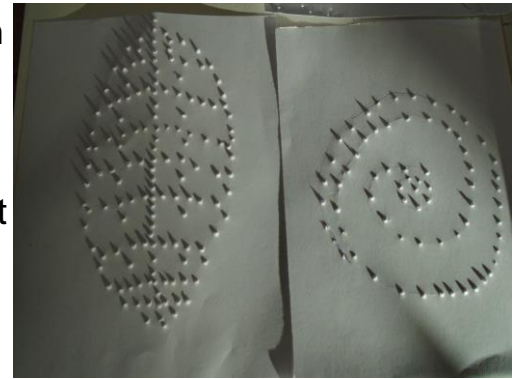

We have been working really hard to improve our times tables. We really enjoy using these fortune tellers to test each other.

ART

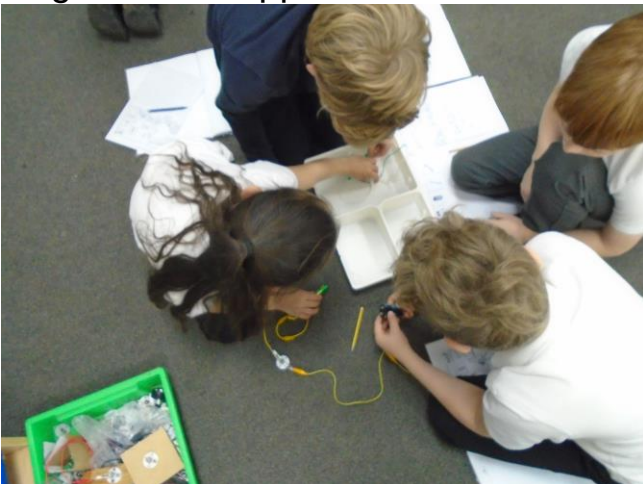

We have been thinking about how to create texture in art. We created art by making perforations in paper using a skewer.

SCIENCE

We have been looking at electricity this half term and have really engaged in building and experimenting with circuits. We have also thought about insulators and conductors and how to stay safe when using electrical appliances.

English!

In English, we have been learning about and writing Greek Myths. We enjoyed acting out scenes from Perseus and Medusa to help us understand our model text.
