Whenever we write we are always thinking about how to make our work even better. Last week we completed our unit on Warning Stories by visiting different editing stations, where we thought about how to improve our vocabulary, spelling, grammar and punctuation. Here we are working together to edit our stories.

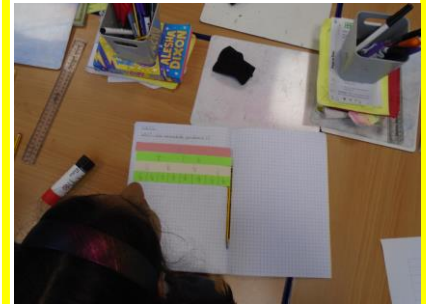

We are so excited that this month we have started swimming with Miss V. Here are some of our thoughts on our experience .

"I really love swimming in the school pool because it was really exciting and you get to swim with your friends. I even found out I could open my eyes under water!" *Zainab.*

"I felt excited because it was my first time in the school pool and it has been a long time since I swam." *Arjun.*

"The pool was really good and warm. It was my first swimming lesson ever and it was mega fun." *Spike*

MATHEMATICS

In Maths we have been looking at fractions. I have found out about equivalent fractions and how to compare fractions. *Spike*
