We have been learning about fractions in maths this term. We found out about different types of fractions like unit fractions, equivalent fractions and improper fractions and the link between fractions and division. We also learned how to add and subtract fractions.

*Frankie and Yvette*

In English we have been learning about how to write a newspaper report and all the features we need to include to write our own one about goats in Wales. Read all about it.

*Pansee and Tyler*

Here are some pictures from our Smashing Saxons production. We had a great time rehearsing and performing. We are all stars in the making.
